

## Art Curriculum Statement

### Intent

The National Curriculum for Art and Design aims to ensure that all pupils:

produce creative work, exploring their ideas and recording their experiences  
become proficient in drawing, painting, sculpture and other art, craft and design techniques

evaluate and analyse creative works using the language of art, craft and design

know about great artists, craft makers and designers, and understand the historical and cultural development of their art forms

At St. Chad's Catholic Primary School, we strongly value Art and Design as an important and impactful part of the children's entitlement to a balanced and broad curriculum. We believe that Art and Design provides the children with the opportunities to develop and extend skills with the opportunity to express their individual thoughts and ideas, and this is something we strive to provide our children at St. Chad's.

### Implementation

The teaching and implementation of the Art and Design Curriculum at St Chad's Catholic Primary School is based on the National Curriculum and ensures a structured approach to this creative subject and is primarily linked to Learning Overviews in both KS1 and KS2. Our Art Curriculum is high quality, well thought out and is planned to demonstrate progression.

### Impact

At St. Chad's, we celebrate success through our art and design curriculum when children will:

Have developed precision and detail through their skills

Have knowledge about key artists and their lives

Have developed their understanding of nature and the world around them
